Creating a Home from Home

Originally private houses, Town Moor House has been carefully converted and extended to create a pleasant, well-equipped home.

We are committed to making you feel at home by ensuring a warm friendly environment. All of our bedrooms are attractively decorated and offer single accommodation.

We encourage everyone to bring in their own personal belongings such as photographs and ornaments and we will decorate your own room to your preference.

At mealtimes our Chef prepares delicious home cooked meals, planning these around your own dietary needs and likes.

We recognise that mealtimes are an extremely important part of the day. You can choose to take your meals in our dining room, in front of the TV or in your own bedroom – it is your choice.

Complementing our dining room we have a choice of well furnished lounges where you can sit and chat, catch up on some TV or listen to music.

sociable occasions”

Types of Stay

At Town Moor House, we treat everyone as an individual. For this reason we offer several types of stay depending on the level of support you require. Whilst most of the people choose to live permanently at the home, we do have a number of guests who choose to stay with us for shorter periods – respite or day care. Many people find that this gives them a rest from their own home or the opportunity for their main carer to take a short break.

We provide full wheelchair access to all areas of the home to make getting around convenient, there is a call system in every bedroom, bathroom and toilet alongside call bells in all communal areas – so you are never out of reach.
